Skills

JavaScript, NodeJs, C, BootStrap, TailwindCSS, Git, Github, HTML, CSS
Web Design, MS Office, Photoshop, Google Searching, Problem Solving

Experience

Freelancer at Fiverr

September 2021 - Present

As a dedicated freelancer on Fiverr, my main focus is on front-end development. With expertise in HTML, TailwindCSS, and JavaScript, I strive to create visually appealing and interactive web solutions that enhance user experiences. Throughout my career, I have achieved high client satisfaction by consistently delivering quality work and meeting project deadlines. My diverse portfolio showcases my versatility, having successfully completed a range of projects, from website design to front-end programming. With a strong commitment to ongoing learning, I stay up to date with industry trends and incorporate the latest technologies to provide cutting-edge solutions. As a responsible freelancer, I prioritize effective communication with clients, understanding their requirements, and providing ongoing support and maintenance to ensure their websites function seamlessly.
